and the control of th launched shows a growing demand for vessels o larger class. Companies which were former ly satisfied with vessels of 3000 and 3500 tons now require an increase of tonnage varying from 2000 to 3000 tons. It will seem strange fo the ordinary observer that the steamship companies have not resorted to the building of larger steamers ere now. The fact is that they were deterred from doing so by the sad experieaco of the owners of the Great Eastern That shi , is 680 feet over all and has a broad th on beam of \$2% feet. As is well known, sie proved so unwieldy and cumbersome as to bo only fit for laying cables. But marine are ittecture has been greatly improved since the building of the Great Eastern. The City of Rome, recently launched and about to make her first voyage to this country, is wit in eighty feet of the length of the Great Eastien, through crawing seven feet less water. This will enable her to cross the bar off Sandy Hoak at high water, which the Great Eastern could

A MILITARY TYEW.

Genera Ord, who has a very intimate knowled to of the Indians near the Mexican frontier. and who solected the White Mountain reservation for the Apaches, now in revolt, has given. A reporter of the New York Tribune his views of the situation in Arizona. He says the Apaches have been muranders for generations, A Q OB GIANCE FOR AVESTURENT FART They plundered the Pueblo Indians before the clars of Cortoz. The old men cannot be taught stock "white" ways, but the children may. General Or I thinks the late revolt grew out of the attempt of the Indian agent to force his religious coctrines on them, or to interfere with their sat erstitions respect for their medicine mag. I e regards the arrest of their medicine manns ine pedien; and wrong, unless he had commitad some crime greater than trying to hold his name le let Chir ancient faith. In 1870, in going ta his district, General Ord found a media an plan under arrest at one of the nosts. His caperings and incantations had alasmed the paymentaling officer. The genteral orderest

propaguidists and opposed to allowing en to worship in their own way. Hence, brouble with the medicine men, war with the idians. Christia tiving with gunpowder, and e lost of many intocent live and rificed to the Principle of intolerance. General Ord proposes What a man's calling may be in the world ro talk plainly to the secretar, of the interior, and have the Apacha story told the others behonorable one, than is the manner mewhich is de Agent Tiffany and the Arizona politicians he follows it. He who tills in here of ground it ufflat d grabbers. The dis asition manifest and does it well, bringing from it the most of a crywhere to disregard the property and reswhat is necessary for the support of found evation rights of the Indians he thinks a

## THE NORTHWEST.

Wheat sold for 78% cents pur rushel at linens A five mill tax for municipal purposes has been levied in Eugene City. Over 10,000 bushels of wheat were threshed in Lost bard, making the sixth at that place.

A warehouse for 100, feet will soon be built at Hub. The district school at Hubbard will con mence obsober 3, with H. C. Caldwell as teacher. Presley Cheshire, of Lane county, will have about 23,000 pounds of hops from his varis. Captain Jim and about 35 of his braves did the picking.

The storage of wheat at Independence the full amount to about 250,000 bushels. Very little of this braves, body, of grain held by farrier is line. The storage of wheat at Independence the full storage of wheat at Independence of the light was contained in the light of the present the present the present of the present the present of the present the present of the

Mr. Osborne of Willamina, Yamb il county, bur. Clear i at the sustom has se to day. Br hk-Lock, fed a taird child from diphtherm last week and a cot, 55° ones McNoah, with 1.1.171 centals of will at town the two first for (in a nation, and ones a man or ones.) were buried in the same grave. were buried in the same grave.

About 900 men are at work of, the Origon Pacific rilived. The majority of them are at work between the same buries and Philomath, but shift forces can be found on the line clear through to the bay.

By the Bunksheld, 833 this Applet, from Livery of the sale of t Subscriptions to the Yaquina hard or improvement fund are being circulated in Renton county. The first paper presented in Corvilla was heaten by John Grimsley, new in his 89th year, with \$5:

A barn belonging to J. C. F. Jost about 7 miles, south of Salem, was burned. It contained his grain, and hay of the season and a threshor. The loss was total. The free is supposed to have been the work of the month of the season with the season and a threshor. The loss was total. The free is supposed to have been the work of three distances of general midsel and combined the season with the season with the season of th The bulk of the wheat in the vicinity of Silverton

The Dulk of the wheat in the Architis v. of the Dulk of the War of the Bas been sold at prices ranging from 75 to 81 cents per bushel. Many farmers have disposed to both this and last year's crop at 90 cents. Skafe Bros. etc. Ac. ; \$1 7001 7725; \$1000 Junearly 20,000 bushels of wheat last week the Cross of the Brief Children and steep the Company of the Company of

Ted W. Curran, of Albany, and Thos! E. Parzer of Onestis, have taken a sub-contract under Mr. Bagley to get out 100,000 ties for the Oregon Pacific railroad company. Ten thousand are to be delivered at Ford's Point, the electron telminus of the road, and the tenting and the tention of the road. Frank C. Mowder, son of Samuel A. Mowder, for-

Frank C. Mowder, son of Samitel A. Mowder, formerly of Vantouver, committed suicide about eight miles west of Junction City on the 23d ins., by shooting himself with a shotten charged with backshot. He was it years old and was a young man of education and ability. It is supposed that he was laboring under temporary insanity when he committed the deed. He was a grandson of Elizabeth S. Pilney, who met with a tregit death by becoming entangled in machinery in a warehouse in Junction City a few years ago.

Elliah Livingston, ex-sheriff of Douglas county, died on the 21st inst. of consumption. A lodge of A. O. U. W. was organized at Ashland on the 20th that, with 18 charter members. Studies were resulted in the Jacksonville public school last week, with 200 pupils in attendance. Persons buying up hogs to fatten in Douglas county, are paying 4 cents per pound, gross weight.

From 75,000 to 30,000 bushels; of grain, chiefly barbey and wheat, was raised in Goose Lake valley this year. Hugh White, a prisoner for some time candued in the juil at Roseburg, filed away the lock of his cell-one night last week, and left for parts unknown. The citizens of Yreks and vicinity raised \$600 for the widow of Jerry Woods, the stage driver who was lately drowned, and the stage company paid all

The proposed telegraph line will follow the road om Fort Elamath to Ashland, and it is ascertained hat it will be 99k miles long. Stakes have been at and work will commence at once.

A much larger amount of sorghum syrup than ever will be manufactured in Jackson county this season. And it will also be of better quality, to a great extent appeareding molasses. Waiter & Wris-ley's sorghum mill is runninglay and night. Un-less from combes soon, nearly 1000 gallons of an peri-

Three pote see, taken from one hill, that weighed a aggregate five pounds, are shown in Wester as a small of what Umatilla county can do in that line. Stewart Spears, of Big creek, Unior county, while handling any sung horse only day last week, received a kick which may prove fatal. El right ere was knocked out and his left cheek bone shattered. Rucched out and his less cheek pose santered.

Excellent yields of grain are still being reported in Umatilis county. B. F. King from 28 acres of wheel, got an average of 43 bushels of beautiful wheat. John Kirk had an average of 45 bushels in 214 acres of fall wheet, and of 30 bushels in 214 acres of pring and volunters wheat.

Washington Territory.

The estimated surplus of grain on Patala ant is A granary with a capacity of 10,000 bushels is being built, at Daylon all for safe teeping.

The oil is now being extracted from the three whales caught recently by Indians at Quilleut. It will be shipped to Scattle.

The dwelling house of Foe Logidon, and the harn of Mr. Aldrige, ten miles southeast of Wattsburg were burned on the 16th. Buildings and convents en entire loss.

When the primary buildings are completed 340 pupils can be accommodated in the public schools of baylon, and it is expected; that nearly every seas will be occupied this winter.

A child of W. T. Hendrick of Dayton awallowed a needle some six weeks age, and last week the instra-thent was taken from its breast by a physician, having worked its way to the surface. A man attempting to find his way from the front of the N. P. R. R. to Yakims lost his way and had been antirely without; food for five days when he was found 46 miles north of Ainsworth. A pavilion lexes feet is being built on the grounds of the Klichtat-County Agricultural Society. The premium has will be published Oct. 1st and the fair will open on the 3th of the same month.

Mrs. Mary Phillips, the Indian woman who was imprisoned at the Seatco perjenitary two years on a sentence for shooting her husband, has served out her time and returned to her home on Orcas Island. On the 15th inst., Thomas Bradshaw, while watching a coal p t near Irondale, was nearly kille! by being study on the head by a falling tree. He was placed in the heaptal at Port Townsend for treat-

ment.

There was last Saturday etacked at the depot awaiting transportation, over 80,000 eacks, or 800 tons of wheat. A continual atream of teams is leaded for the depot and between five and six hundred tons of wheat is daily deposited there by farmers. School statistics show that there are in Walls Walls county 75% children of achoolings. Of these, 1937 are encolled, in the various schools. There are 32 school districts.—in 26 of which school was taught last year. Amount of school fund for the current

In a little cemetery near Stellacoom, are the remains of commissioned and non-commissioned officers and privates some of whom served their guittry long and fatthfully, doing good service expectally in Indian campaigns. The insurprivous upon the headboards which mark their graves are highly obliterated by time and its storms and ere hore to

soldiers.

The Golden Enterprise tunnel has been cut through the rock 29 feet. The face is how in very rough day, and the bed-rock pitching into the south part of the channel, at 45 degrees. The main tunnel is 16 90 feet now. This clay makes it small headway and it lies over and around the lead property. The vest cross cut is in 50 feet and in a nixed wash, with jet-rithcation, &c. A petrified deer's horn was found in the cross-cut on the 19th last, 125 feet below the surface.

LITERARY NOTES.

Mr. Francis Parkman, the injutorian, is making apid progress with his work on Montcol n. The number of variations made in the Gong els and Acts by the revisers number 14,601, and in the wiole volume 36,19...
The Browning Society of Loudon begins its in ors
by counting the lines of its master's noems. They
number about 97,000, which is a fourth less tunt the
number of lines ascribed to Shakespears.

number of lines ascribed to Shakespeare.

The numbers of the Living Age for Sep. 3 and 10 contain "Florence," and "Walks in England," "Edward Gibbon," "Bonsparte," "Two Theories of Poetry," and "Sketches and Reminiscences by Ivan Tourgentes," "A Quikter's Graveyard," sind "The Last Journey of Plussika," "A German Gremation Hall," and "New Aspects of German Life" with installments of "In Trust," and "The Frere's," and the usual amount of poetry.

Beginning with the October number, the publishers of the Libelio World will Issue an extra edition of 500 copies for Great Britain and Include, the well-known publishing newsly of Burns & Octes, Londorf, acting as agents for the United Kingdom. The subscription rate being investy shi Brans per year, it will be the chespeat Catholic magizans in Europe, and its circulation with, no doubt be all the larger that many of its writers are English Catholics.

The largest Lundswaer on the Continent.

The largest Landbywer on the Contland.

Colonlel Date Mirphy by Halbeck's Statical Electronic County, came to California in 1844, and may be said to have made the country not him well for his time. He has now probably the largest private land-owner on this continent. He has 4,000,000 acres of land in one body in Mexico, 60,000 in Novacha' and 21,001 in California. His Mexican grant he bought four years ago for \$200,000, on two cents on more.
